NEW Augmented Reality Tool

We've launched a 3D Augmented Reality tool on our website that enables you to place a rainwater tank in your own backyard. This amazing technology will allow you to choose the tank size and colour and see how it looks on your property. You can also take a photo of the view to share with your friends and family!

Mobile

Step 1: When browsing rainwater tanks on your mobile, click the 'View in Home' button on your selected tank & colour.

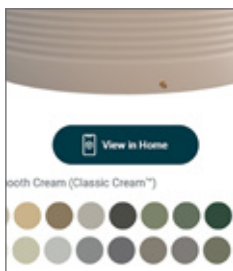

Step 2: Wait for the product to pop up on your camera and then move it around to where you want.

Step 3: Take a photo and send it to your nearest distributor or share it on social media and tag #polymasterau

Desktop

Step 1: When browsing rainwater tanks on your computer, click the 'View in Home' button, and a QR code will pop up.

Step 2: Scan the QR code on your mobile, and follow the steps 2 & 3 for Mobile to place the tank in your space.
